### **Air Babylon (Book, 2005) [WorldCat.org]**

I bought this book for cheap on after learning about the author from "Hotel Babylon", a guilty-pleasure BBC series about what goes on in a luxury London hotel, based on her book of the same name. The author has made a career out of books about the inner workings of certain industries, so this one delves into what it's like working for an airline, supposedly based on real interviews with anonymous airline staffers.
