A recent report found that educators believe that the secret to effective discipline is proactively building relationships, not reacting punitively to student misbehavior. But how do busy and often undersupported teachers go about building strong relationships with students and developing positive methods of conflict resolution?

Consensus decision-making is a group decision-making process in which group members develop, and agree to support a decision in the best interest of the whole. Consensus may be defined professionally as an acceptable resolution, one that can be supported, even if not the "favourite" of each individual.
