PART I: OVERVIEW AND GENERAL REQUIREMENTS. Accessibility of doctors' offices, clinics, and other health care providers is essential in providing medical care to people with disabilities.

Access To Medical Care For Individuals With Mobility

Our world runs on information, with more and more aspects of daily life having information technologies and digital systems at their core. Topics such as open-source software, virtual organizations, online political campaigns, digital television, social media, and computer games need to be understood and advanced from both a technical and human perspective simultaneously.
