En passant (French: [ɛ̃ pɑˈsɛ̃], lit. in passing) is a move in chess. It is a special pawn capture that can only occur immediately after a pawn makes a double-step move from its starting square, and it could have been captured by an enemy pawn had it advanced only one square. The opponent captures the just-moved pawn "as it passes" through the first square.

The wisdom is in the form of a general observation about the world or a bit of advice, sometimes more nearly an attitude toward a situation.

If you come across a piece of blatant Sueishness in fanfiction and feel the need for some justified cruelty, it can be wiser (or at very least, a whole lot more fun!) to assume that it's a parody.If you're right, you're right, and if you're wrong, you've insulted the author far more than any accusation of poor writing ever could.
