Educational equity, also referred to as equity in education, is a measure of achievement, fairness, and opportunity in education. The study of education equity is often linked with the study of excellence and equity.. Educational equity depends on two main factors. The first is fairness, which implies that factors specific to one's personal conditions should not interfere with the potential of ...

In political theory and particularly Marxism, class consciousness is the set of beliefs that a person holds regarding their social class or economic rank in society, the structure of their class, and their class interests. It is an awareness that is key to sparking a revolution that would, "create a dictatorship of the proletariat, transforming it from a wage-earning, property-less mass into ...
