The Difference between Essays and Reports. A report is a piece of informative writing, while an essay writing is structured around an introduction, body, conclusion, and the essay itself.. While a report always goes to the process of identifying and evaluating the extent of issues in a report, essays focus is slightly different.

Design patterns help you solve commonly-occurring problems in software design. But you can't just find a pattern and copy it into your program, the way you can with off-the-shelf functions or libraries. A pattern is not a specific piece of code, but a general concept for solving a particular problem.
