

introduction to managerial accounting pdf

Chapter 17 is an introduction to managerial accounting. Managerial accounting relates to reporting internal to an organization, and is far less structured than the rules-based system applicable to financial (external) reporting.

Chapter 17: Introduction to Managerial Accounting

Managerial accounting is not as widely used as other forms of accounting, nor is it as known. While companies concern themselves with financial accounting methods like audits, budgets and financial statements, they often completely ignore the forward-thinking methods of managerial accounting.

Elementary Cost Accounting - National Institute of Open

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...
