Death by boiling is a method of execution in which a person is killed by being immersed in a boiling liquid. While not as common as other methods of execution, boiling to death has been used in many parts of Europe and Asia.. Executions of this type were often carried out using a large vessel such as a cauldron or a sealed kettle that was filled with a liquid such as water, oil, tar, or tallow ...

The term Renaissance man or polymath is used for a very clever person who is good at many different things. The idea comes from a time of history called the Renaissance which lasted from about 1400 to about 1600. One of the most famous people alive during this time was Leonardo da Vinci. He was most famous as a painter, but he was also a scientist, engineer and mathematician.
