A play is a form of literature written by a playwright, usually consisting of dialogue and singing between characters, intended for theatrical performance rather than just reading. Plays are performed at a variety of levels, from Broadway, Off-Broadway, regional theater, to Community theatre, as well as university or school productions. There are rare dramatists, notably George Bernard Shaw, who ...

Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.

Aristotle considered these six things to be essential to good drama:
• Plot: This is what happens in the play. Plot refers to the action; the basic storyline of the play.
• Theme: While plot refers to the action of the play, theme refers to the meaning of the play.
