political effects. Drawing on the work of Carl von Clausewitz it argues that strategy is the product of an iterative politico-military dialogue. While strategic-level planning endows operations with a rational intent, friction between political leaders and military commanders risks derailing the promise of strategy.

The dynamics of military revolution 1300-2050 Edited by MACGREGOR KNOX The London School of Economics and Political Science WILLIAMSON MURRAY Institute for Defense Analyses

The dynamics of military revolution - GBV

The Dynamics of Military Revolution bridges a major gap in the emerging literature on revolutions in military affairs. It suggests that two very different phenomena have been at work over the past centuries: "military revolutions," which are driven by vast social and political changes, and "revolutions in military affairs," which military institutions have directed, although usually with great ...
