snake, but he can't. He doesn't want to harm it because he "loved him" and was glad "he had come like a guest in the quiet." But the symbolism of the snake cannot be ignored and suggests that Lawrence may have been exploring something other than simply this snake. Associated with evil and Satan, the snake assumes a more ominous meaning.

Snake is the common name for a video game concept where the player maneuvers a line which grows in length, with the line itself being a primary obstacle. The concept originated in the 1976 arcade game Blockade, and the ease of implementing Snake has led to hundreds of versions (some of which have the word snake or worm in the title) for many platforms.
