

the techno human condition pdf

Transhumanism (abbreviated as H+ or h+) is an international philosophical movement that advocates for the transformation of the human condition by developing and making widely available sophisticated technologies to greatly enhance human intellect and physiology.. Transhumanist thinkers study the potential benefits and dangers of emerging technologies that could overcome fundamental human ...

Transhumanism - Wikipedia

Transhuman, or trans-human, is the concept of an intermediary form between human and posthuman. In other words, a transhuman is a being that resembles a human in most respects but who has powers and abilities beyond those of standard humans. These abilities might include improved intelligence, awareness, strength, or durability.
