Broaden-and-build theory in the workplace. While Broaden-and-build was developed to explain the role of positive emotions in general, the findings can conceivably be applied to organizational behavior in a very practical way.

Broaden-and-Build Theory of Positive Emotions (+PDF)

International relations theory is the study of international relations (IR) from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent ...
