the world of politics pdf

The phrase "new world order" was explicitly used in connection with Woodrow Wilson's global zeitgeist during the period just after World War I during the formation of the League of Nations. "The war to end all wars" had been a powerful catalyst in international politics, and many felt the world could simply no longer operate as it once had. World War I had been justified not only in terms of U.S ...

Post-truth politics (also called post-factual politics and post-reality politics) is a political culture in which debate is framed largely by appeals to emotion disconnected from the details of policy, and by the repeated assertion of talking points to which factual rebuttals are ignored. Post-truth differs from traditional contesting and falsifying of facts by relegating facts and expert ...
