It could make you really constipated. Your body uses fiber from foods that the keto diet cuts out, such as grains, fruit, and carbohydrate-rich vegetables, to keep things moving smoothly. Constipation is most likely a sign you need more fiber in your diet.

What your body is trying to tell you with these 20 symptoms

The physical body is responding to this imbalance Lise Bourbeau has compiled 20 years of research in the field of metaphysics and its physical manifestations in the body and brought it all to the forefront in this user-friendly reference guide.

Your Body's Telling You: Love Yourself!: The Most Complete

What Your Poop Is Telling You About Your Body (Infographic) As is the case with all things we produce, it's the quality â€” NOT the quantity â€” that matters when it comes to our scatological activities. But how to decode the messages contained in your excrement? To clear all that up, here's an infographic from The Daily Infographic...

What Your Poop Is Telling You About Your Body (Infographic)

Listen to your body - your best friend on earth. The answer lies within each of us. LISE BOURBEAU takes you by the hand and, step by step, leads you beyond "packing your own parachute", to taking that step back into the clear, refreshing stream of life that flows from the Universal Source. She gives you the tools,...

Lise Bourbeau :: Books

If you're walking around in a slight haze after lunch, even after having a good night's sleep and exercising regularly, it may be your body's way of telling you to cut back on the bread and pasta or that you may even have celiac disease.

50 Secret Messages Your Body Is Trying to Tell You | Best Life

What's Your Poo Telling You is back and bigger than ever. ... After all, they are nothing more than swollen veins, which like blood vessels in other parts of the body, are soft and easily compressible. In situations where hemorrhoids become severely inflamed or thrombosed (which is when a clot forms in the hemorrhoid), the passage of stool can ...
